

1. Attendees

- Roger Lundberg (EC member)
- Monika Nielsen (Chair, EC member, elected and Ørsted representative)
- Anna Edebo (EC member, E.ON representative)
- Mikko Vepsäläinen (EC member)
- Jørgen Peter Jensen (EC member)
- Arja Lehikoinen (EC member)
- Sara Sjögren (EC member)

2. SIAPWS General Meeting on 24. March 2022

- Everyone agreed that the agenda of the meeting looks good
- Monika will update the calendar invitation and national groups will distribute it to everyone

3. SIAPWS Friday Event on 17/12/2021

- Anna Edebo and Bram Faaji Hultgren (Membramprotec) will give a presentation on RO capacity optimization

4. New SIAPWS logo

- Mikko presented several versions of the new logo. The version with 3D drop was the favourite. However, the text should be modified (alternative fonts and add the slogan “all about water”) and Mikko will make several new versions for the next EC meeting.

5. SIAPWS on LinkedIn

- A LinkedIn site for the organisation will be built when the logo is ready.

6. SIAPWS Friday Events spring 2022

- The dates of the Friday Events next year are:
 - January-April last Friday of the month
 - In May the date is 20/5
- An email of the topic will be sent monthly before the presentation
- Possible topics:
 - VTT to give a presentation on failure analysis in February
 - Roger to confirm if a presentation can be given in January on pH measurement of deionized water
 - Arja to confirm whether there would be a presentation on the reuse of water in demineralization plants
 - Visualization of data in power plants could be a topic and Monika will confirm this.

7. SIAPWS Budget for 2022

- The Budget excel sheet is attached.
- Approximately 50 k€ is required to arrange the IAPWS meeting in 2025.

8. Financial support to IAPWS international collaboration

- IAPWS has planned student activity (thesis student) for next year with a focus on corrosion products monitoring in water systems. The work would start in late 2022.
- VTT (Mikko) could possibly host and mentor the student in their organization. Monika will put Mikko in contact with the right people to discuss this further.

9. SIAPWS website – access to the members' area

- This will be discussed in the next meeting.

10. Miscellaneous

- Mikko will send next time the update before our EC meeting via email because the Outlook calendar update wasn't received by everyone
- Can we get the participant lists of Friday events so that people can be contacted? An additional line would need to be added to the invitation so that people are aware of this and can opt-out.
